Online Bingo, Rapidly Growing in an Internet Industry

GLENDALE, Calif. - December 24, 2004 /Send2Press Newswire/ -- Like poker, bingo on the Internet is booming. Bingo players of all ages and nationalities gather at online bingo sites to take part in exciting bingo games from the comfort of their homes. Players no longer have to find local bingo halls to play bingo games with their friends and other players. A growing number of people have chosen online bingo as their preferred form of bingo. Among the many sites offering online bingo, www.PlayRealBingo.com has proven itself a leader in the online bingo industry. Their many members gather everyday of the week to play bingo, have fun, and win jackpots.

First-time bingo players and die-hard bingo enthusiasts alike all gather at the online bingo hall at www.PlayRealBingo.com. One of the reasons for the success and popularity of www.PlayRealBingo.com is the way in which the site has translated the elements that have made regular bingo games so popular through the years. Just like in a real bingo hall, online bingo players can chat with their friends and other players as they play the many bingo games available. This online chat feature enhances the excitement of the online bingo games, and makes players feel a sense of community with their fellow players.

The gaming options available at www.PlayRealBingo.com also set it ahead of the pack of other bingo sites. Bingo players can choose from many different forms of bingo, from real-money bingo games where players compete for impressive jackpots to just-for-fun bingo games. Among the many bingo games available are Extreme Bingo, Bingo Royale, 50 ¢ Room Bingo, Dime Room Bingo, Nickel Room Bingo, and Play for Fun Bingo. Bingo players of all budgets should be able to find the perfect bingo game at www.PlayRealBingo.com.

www.PlayRealBingo.com offers many incentives to join their bingo site. Accounts are free to open, and there are never any membership fees. Curious players can simply open a free account and join a just-for-fun bingo game to see how the bingo service works before participating in a real-money bingo game. Once a player decides to open a real-money account, they can get a 200% Cash Bonus upon their initial deposit and 500 free bingo cards. The 200% Cash Bonus can give new members as much as \$200 free.

Continuing members can also take advantage of many great promotions. One enticing offer is their Tell-a-Friend promotion. www.PlayRealBingo.com is all about bringing the excitement and camaraderie of regular bingo games into an online environment. The Tell-a-Friend promotion allows members to receive \$50 free when they refer a friend to www.PlayRealBingo.com. The friend will then have access to the 200% Sign-Up Bonus and the 500 free bingo cards as well. Bringing friends together to play bingo online certainly has its benefits.

New members are also given the option to play with a free bingo download or to play without the download. The download version gives members access to the online bingo hall and the many bingo games available as well as enhanced graphics and better sound. The download only works with newer computers and software. Bingo players with older personal computers are also accommodated, however. These players just need to select the option to play without the free download. Both options allow players to use their accounts and play bingo online with other real players at www.PlayRealBingo.com. For a complete online bingo experience, though, the download version is recommended. The great graphics and sound features only add to the fun of the bingo games.

In addition to great gaming options and promotions, www.PlayRealBingo.com also offers superior customer support and member services. One of the top concerns of online gamers is security.
