Tempo Creative Opens New Western Division - Expands Capabilities For
P.O.P. Displays And In-Store Marketing Solutions

PHOENIX, AZ - (Send2Press Newswire) - Nov. 3, 2003 -- A growing market in the western United States has prompted Tempo Creative, Inc. (www.tempocreative.com) to expand and open a new office in Phoenix, Arizona. Despite a sluggish economy and brand marketers making P.O.P. budget cuts, Tempo Creative continues to grow and develop new P.O.P. display campaigns for clients.

According to Josh Dolin, Vice President, Western Division, "We pride ourselves on the relationships and close personal attention we give our clients. This move was only natural for a 21st century company that still believes in doing business the old fashioned way . . . face-to-face and with a handshake."
