

Camp USA of Orlando, Florida Brings High Quality, Privately Owned Motor Home Rentals and Service to Ft. Lauderdale

ORLANDO, Fla. /Send2Press Newswire/ – Camp USA Motor Home Rentals (www.campusarv.com), a Florida-based RV rental company specializing in high quality motor homes owned by private individuals, today announced the grand opening of a second location in Ft. Lauderdale at 2851 Hammondville Road, Pompano Beach, Florida.

“We’re thrilled to be opening a new RV rental and service center in Ft. Lauderdale,” said Robert Lemon, General Manager of Camp USA. “Now, visitors to Key West, Miami, or Homestead NASCAR can enjoy the same quality RV rental and service that visitors to Disney, Universal Studios, Sea World, Daytona NASCAR and Bush Gardens have been enjoying at our Orlando location.”

In addition to Camp USA's signature rentals and sales of high end luxury diesel pushers, Class A Gas units, Class C units and Travel Trailers, the new Ft. Lauderdale location will offer RV service with mobile mechanics available 24 hours a day. "Most RV service facilities have a one to two month wait just to drop your RV off for service, and the wait to pick it back up can be even longer than that," said Lemon. "At Camp USA, we know that your motor home is important to you and have service customers in and out within a week. We even have a mobile service that will come to you." In addition, Camp USA offers statewide delivery of their rental units.

Camp USA was founded in 1999 in Ocala, Florida. In 2004 Camp USA moved its operations to Orlando to better serve visitors to Disney, Universal and Tampa and since then has more than doubled its fleet size to include over 40 privately owned RV's, with the largest percentage consisting of luxury diesel pusher coaches.

"We are always looking for new coaches that would otherwise be sitting in storage collecting dust and costing their owners money rather than making them money," said Alex Radwan and John Terman, Co-Founders of Camp USA. "We have a staff of highly trained individuals to serve every need of our unique business and we treat every RV as if it were our own and we were going to be the next renter."
