

City Network Announces Purchase Order from Europe's MCA Technology Inc. for Shipment of New MP3 Product Line

TAIPEI, Taiwan – May 4 (SEND2PRESS NEWSWIRE) – City Network, Inc. (Amex: CSN), a company that designs, manufactures and markets a comprehensive line of broadband and wireless Internet access solutions and consumer electronic products, today announced the expansion of the company's marketing initiative in Europe. To accompany the growth in consumers 3C products demand, City Network is aggressively concentrating on the marketing and distribution of products in this trend. Recently, City Network received an official purchase order from MCA Technology Inc. for a version of its MP3 product line.

The new supply contract is for 150,000 units which amounts to approximately USD\$2.34M. These MP3 products will be distributed by MCA Technology Inc. to its customers throughout the company's channels in various European countries.

"We are excited about this new business in Europe with MCA Technology, because it means the quality and design of our products meet the needs of the European market," remarked City Network Chairman Andy Lai, "We are currently planning a very aggressive marketing strategy to enter this market with full force."

For the past three years, City Network has developed high quality 3C consumer products including the "pen driver," VoIP equipment and other items such as mobile handsets for mostly Asia, China and African markets. However, this new order from MCA Technology Inc. represents City Network's first opportunity to compete and expand business in the European market. "We believe that this new order is a terrific opportunity to introduce our 3C consumer products business to European end users," stated Andy Lai.

In addition, City Network (www.citynetwork.com.tw) has plans to focus efforts on the development of product distribution in North America as well.
