MINNEAPOLIS, MN – July 22 (SEND2PRESS NEWSWIRE) – CarryYou.com (www.CarryYou.com), a web shop specializing in life's little necessities for moms and dads in the business of parenting, today announced the launch of their latest stroller accessory, the Milan Cup Holder designed to outfit today's trendy European strollers with American ingenuity and convenience.

"The Milan Cup Holder was born out of our own hands-on experience," said Katie Dinslage, who founded CarryYou.com along with her sister Kari Northeim in 2005. "We are two moms on the go who had no place to put our drinks while pushing our upscale strollers. And in this case, necessity really was the mother of invention."

"We developed the stylish Milan stroller Cup Holder to solve our own problem, but soon, all of our friends were pleading with us to make them a cup holder too. And so we did and the rest is history!"

The Milan Cup Holder accessory attaches to the stroller with two Velcro-type loops that mount to the stroller's handle bar(s). The accessory is fully

adjustable to fit most strollers currently on the market. The Milan Cup Holder features 2 cup holders which will accommodate anything from a regular pop can, to a medium water bottle, or a Starbucks iced Venti Latte, 1 large Velcro pocket which is perfect for wallets, two smaller pockets for pacifiers or keys, and a large expandable pocket for everything in-between.

The convenient Velcro straps attach to the back of most strollers in seconds, and work particularly well with Peg Perego & Maclaren strollers because the Milan Cup Holder won't interfere with the reclining & collapsing features of these popular models.

The Milan Cup Holder is available on the CarryYou.com website for \$39.95, and is available in a wide variety of custom colors and prints. CarryYou.com also offers the Sicily Cup Holder, which is designed specifically for side by side twin strollers.

"For moms and dads on the go, The Milan Cup Holder is like a dream come true," said Kari. "It really is the third hand every mom wishes she had!"
