

# Marbella Travel & Tours Announces Partnership with Webway Solutions, LLC

MIAMI, Fla. and San Jose, COSTA RICA – July 27 (SEND2PRESS NEWSWIRE) – Marbella Travel and Tours, a complete Costa Rican travel provider based in Costa Rica, today announced that it will partner with Webway Solutions, LLC, positioning the new Marbella Travel and Tours to become the number one provider of Costa Rican travel packages ([www.CostaRicaTravelTours.com](http://www.CostaRicaTravelTours.com)) in the world.

“We are absolutely delighted about our new partnership with Marbella Tours,” said Daniel Hamui, Co-Founder of Webway Solutions. “After meeting with Willy and Oscar and getting a customer’s perspective on the type of services Marbella Tours offers, it seemed completely logical to combine our services into one, full service agency providing custom itinerary planning, convention organization, as well as group and incentive tour package planning, all in one location.”

For Marbella Travel and Tours, the driving force behind their decision to partner with Webway Solutions was that [CostaRicaTravelTours.com](http://CostaRicaTravelTours.com) provided a robust business application utilizing a proprietary online reservation system designed by Webway Solutions, which allows Marbella Travel and Tours to greatly enhance their online customer service, sales, and customer relationship management. As a result of this partnership, Marbella Travel and Tours will take a giant step forward, bringing their level of online customer service in line with travel sites like Expedia and Orbitz. Marbella Travel and Tours will be one of the very first Costa Rican travel agencies to offer this level of online service to their customers.

“This is a great opportunity for a company like Marbella Travel and Tours to really step out and offer online services that are not offered by their competition,” said Ivan Jimenez, Managing Partner of Webway Solutions. “Marbella Travel & Tours is currently the number two tour operator for Costa Rica and with the help of [CostaRicaTravelTours.com](http://CostaRicaTravelTours.com), and Webway Solutions performance-based marketing programs and online reservation system, they will be number one!”

Marbella Travel & Tours is a leader in the Costa Rican tourism industry and a pillar in the Costa Rican business community with partners and associates throughout the Costa Rican travel industry. Marbella Travel & Tours is currently the second-largest tour operator for Costa Rica.

Webway Solutions, LLC ([www.webwaysolutions.com](http://www.webwaysolutions.com)) is a boutique e-business group redefining performance marketing and dedicated to helping businesses prosper on the web.
