TORONTO, Ontario – September 6 (SEND2PRESS NEWSWIRE) – ThePodcastingEbook (www.ThePodcastingEbook.com), the authority on podcasting, is pleased to announce the release of ThePodcastingEbook, available at ThePodcastingEbook.com. Main features include how to create, record, publish and promote a podcast. Readers will also find valuable product reviews, podcast directories, and tools to help them evaluate their podcast.

Send2Press® Newswire

Aspiring podcasters will learn how to brand and create a vision for their podcast, write scripts for podcast episodes, and select basic elements for their podcast such as music, sound effects, and voice-over.

ThePodcastingEbook also teaches readers how to record, edit, mix, and master a podcast that they can submit to podcast directories and aggregators such as iTunes, iPodderX, and Odeo Syncr. Extensive coverage of the art of promoting a podcast and samples of both RSS code and a press release template are just a couple of the gems tucked into ThePodcastingEbook, providing podcasters

with a turnkey solution to get them going.

Author of ThePodcastingEbook Stephanie Ciccarelli says, "ThePodcastingEbook is more than just a getting started guide, it's a podcasters companion from start to finish. ThePodcastingEbook is designed to empower podcasters and bring their businesses to the next level."

Exclusive to ThePodcastingEbook, readers will learn how to evaluate their podcast and assess their efforts, finding opportunities to grow their podcast and diagnose areas that need improvement. An entire chapter is dedicated to methods of making money from a podcast and how to manage customer relationships. Two bonuses are included with the purchase of the Ebook.
