

Figuring Out How to Use a Treadmill Has Been More of a Workout Than the Actual Workout Until the Introduction of the LifeSpan Pro 3 Treadmill!

SALT LAKE CITY, UT (SEND2PRESS NEWSWIRE) – With the launch of the PRO 3 treadmill, LifeSpan has now added to its credits having the most compact treadmill in the marketplace, while now also offering the largest running surface as well. The LifeSpan PRO 3 offers users a VERY spacious 22" wide by 60" long running surface, providing comfort for users of all levels. The extra wide running belt coupled with the new patent pending Intelli-Key(TM) system, which uses illuminated blue backlit buttons to quickly and easily step the user through the set-up process distinguishes the PRO 3 from its competitors in the marketplace.

SUPER-SIZED DESIGN:

The PRO 3 is favored by users of all ages and fitness levels. The OVERSIZED running surface and extended handlebars provide sense of security for the walker watching television, novice treadmill user or the ever-increasing active aging group. The experienced runner appreciates the room to roam and equally important the commercial rated components that will provide consistent workouts year after year.

The PRO 3 was designed to meet and exceed the needs and demands of ALL users while incorporating the same manufacturing philosophy that has brought LifeSpan a variety of global Best Buy, Best New Treadmill and product design awards.

USER FRIENDLY:

The unique feature of the PRO 3 is the Intelli-Key(TM) system. This was designed for users looking to SIMPLIFY the workout process. So whether the user has the blinking clock on their VCR or simply limited by time, the Intelli-Key(TM) system will quickly and easily step the user through the set-up process!

In addition to the Intelli-Key(TM), direct speed and incline keys on the console, speed and incline buttons on the handlebars and a Quick Start Button make the PRO 3 the most user friendly treadmill in the market.

All LifeSpan products, including the PRO 3 treadmill, are sold at specialty fitness retailers nationwide. Call 610-288-3555 or visit www.lifespanfitness.com for a list of retailers and a complete list of products.
