Carla Mae – Psychic Medium, TV Show Host, Spiritual Teacher and Author Uses Her Ability To Help People All Over the World.

The Spiritual Side uses Carla Mae as a channel in showing others there is much more to ourselves than the material, physical world that we see and touch. With her Guides, Angels and God’s assistance, she was able to pull herself from a chronic depression and chose to live a positive and meaningful life.

Following a profoundly challenging period in her life, Carla Mae was directed to a medium through the assistance of spirit that provided her with answers she had long been seeking regarding her life.

By simply adjusting her mental habits and utilizing the truths found in her Spiritual Guides and family on the other side, Carla was able to reshape her life in a newly profound way. Carla found that she had been gifted with an amazing talent – spiritual mediumship.

Carla then began her career as a medium via the internet as a volunteer for the Grief Aid website, which was dedicated in assisting others in healing after the deaths of their loved ones (visit <http://www.griefaid.com> for more information).

Today, Carla uses these same basic principles in assisting others in regaining control and direction of their own lives. Making people aware of their own abilities by reconnecting to loved ones, and beginning the inward journey back home to their true Spirit, Carla teaches people how to live their lives surrounded in Joy.

TO THE PRESS: Carla Mae will be available for interviews and TV/RADIO personal appearances both locally and nationally as her schedule allows.
