

# Riley Books Has Released First Book Dedicated Entirely to Travel Options Surrounding City of Loreto in Baja, Mexico

SPOKANE, WA (SEND2PRESS NEWSWIRE) – Instead of the brief coverage Loreto has received to date, “You Decide Travel Guide: Loreto” (ISBN: 0-9708898-5-2) dedicates two full pages of information on each hotel or lodging property along with specific practical information on dining and activity options for you to enjoy during your stay in Loreto.

**Send2Press® Newswire**

Loreto is an unspoiled destination just 700 miles south of San Diego, in Baja California Sur. It is home to what some say is the best fishing in all of Mexico. For those who prefer to explore under the sea, the clear, warm water hosts 3,000 species of sea life. Those who prefer land sports are provided with an 18 hole championship golf course right on the sea as well as a professional tennis center. This definitely isn't Cabo and it isn't meant to be. It is a quiet little town that can stand for a bit more excitement but not too much. We encourage people of all ages to come and enjoy the newest destination in Baja.
