

# What Inspires The Most Controversial Asked Question In History? Is There A God?

SARASOTA, FL – May 15 (SEND2PRESS NEWSWIRE) – Rod Hoskins Ministries ([www.rodhoskinsministries.org](http://www.rodhoskinsministries.org)) is pleased to announce the release of Rod Hoskins' latest book, "So . . . You want to know GOD" (\$17.99 ISBN 1-59781-921-2), from Xulon Press ([www.xulonpress.com](http://www.xulonpress.com)). This new book addresses the heart issue of what people around the world are truly seeking. The real question is not if God exist, but rather, can I have a relationship with God?

**Send2Press Newswire** This new book is written for all generations and will enlighten its reader to a new understanding of how to have a relationship with God through Covenant. If we were to ask the majority of people in our society today to define the word Covenant, most would have no idea of its historical meaning, nor how it affects their daily lives. Through time, mankind has lost the meaning of Covenant, and in so doing, we have hindered our relationship with God and restricted His power from touching our lives.

Readers will discover how Covenant plays such an important role in the addition and multiplication of all areas of life, such as peace, joy, health and prosperity. Now everyone can read what thousands around the world have heard in conferences, churches and Bible schools, and why many have declared that this message has changed their lives . . . forever.

Rod Hoskins founded Rod Hoskins Ministries as a worldwide non-profit mission organization in 2004. Mr. Hoskins was previously a pastor in Columbus, Ohio for five years and also a founder and CEO of two successful telecommunication companies for more than twenty-five years.

For more than fifteen years Mr. Hoskins has been speaking nationally and internationally, sharing the good news of God's available to humanity through Covenant.

Available through Rod Hoskins Ministries, Amazon.com, Barnes&Noble.com and other bookstores.
