

# TIC International's Construction Services Division Has Officially Changed Its Name to Synergen Consulting International

HOUSTON, TX – May 24 (SEND2PRESS NEWSWIRE) – Technology and Industry Consultants (TIC International) has announced that its Construction Services Division has changed its name to Synergen Consulting International. This change was brought about by record growth in recent years of the firm's already established Construction Management and Claims Consulting Divisions, as well as the addition of a recently acquired Financial and Business Consulting Division.

**Send2Press® Newswire** In

conjunction with its expanded capabilities, the firm will continue operations under the name Synergen Consulting. Synergen will continue to provide the same high level of service with no change to ownership or staff.

Synergen Consulting is a multi-disciplined international consulting firm based in Houston, Texas with additional offices in Austin, Dallas, Las Vegas, and New Orleans. Synergen provides professional consulting services with specializations in both construction and accounting-related fields, and has worked in a variety of industries on some of the most complex engineering and construction projects in the world.

Synergen provides professional support to the world's leading corporations, government and other public agencies, emerging growth companies, small businesses, financial institutions, and their legal counsel. Synergen Consulting's major areas of expertise include:

**Proactive Services:**

Construction and Project Management

Lender and Acquisition Services

**Claims and Litigation Services:**

Construction Claims and Litigation Services

Construction Defect Analysis

Business and Accounting Litigation Services

Synergen Consulting attributes its success to an extraordinary 89% rate of repeat and referral business, and the skill and dedication of its experienced consultants. The firm prides itself on the promise on which it was founded and which it has consistently fulfilled since its inception: Do whatever it takes to deliver the right results on time and on budget.
