

MyNuMo.com Brings YENTATONES(TM) to Mobile

LOS ANGELES, CA – June 30 (SEND2PRESS NEWSWIRE) – MyNuMo LLC in partnership with renowned voice talent actress Martha Kahn, announced today that it will be offering comic ringtones based on the rich tradition of Jewish and Yiddish humor and comedians at www.yentatones.com.

Send2Press® Newswire

“MyNuMo’s goal is to empower creative artists who have been overlooked by mainstream publishers,” said William Volk, CEO of myNuMo. “Martha’s hilarious YENTATONES are some of the funniest ringtones in the market.”

“MyNuMo made it easy for me to publish my content into the mobile marketplace” added Martha Kahn, “it handled all the details of conversion, delivery and billing allowing me to focus on the humor and performance.”

“We enable anyone to become a mobile publisher,” states Sherri Cuono, President of MyNuMo, “after a review, your ringtones, wallpapers, and videos will be available for sale to Cingular/AT&T, T-Mobile, Sprint, and soon Verizon customers in the USA.”

“It’s all about empowering the artist,” states Keith Arem, MyNuMo co-president and 15-year veteran for the interactive industry. “We encourage creative people to come up with the next great mobile content category.”

About Martha Kahn

Martha is a San Diego, CA based trained voice actor who has studied with award winning LA based teachers Pat Fraley and Teri Douglas and at the Commercial Clinic in San Diego. Her theatre credits include working with Jose Ferrer at the esteemed Coconut Grove Playhouse in Coconut Grove, Florida and other performances as a singer/actress.

About MyNuMo

Building on the exponential growth in user generated content on the Internet, MyNuMo (www.mynumo.com) has launched a powerful online marketplace, where anyone can publish and sell music, images, and videos into the lucrative mobile content marketplace.

MyNuMo has already attracted impressive media talent from the UK, Mexico, Korea and the United States. "Our goal is simple," concluded William Volk. "...to enable creative people everywhere to tap into the mobile market, and to provide mobile customers with great content."
