

PCCW Global Deploys Atreus' IP Service Provisioning Solution for Global VoIP Service Launch

PCCW Delivers Differentiated VoIP Offerings by Extending Automated Provisioning and Self-Management to its Global Resellers

PHOENIX, Ariz. – Oct. 16 (SEND2PRESS NEWSWIRE) – BroadSoft Connections 2006 – Atreus Systems(TM), the leading supplier of provisioning software for VoIP, IMS and advanced IP service bundles, today announced that PCCW Global has launched Atreus' IP Service Provisioning Platform to activate a full range of IP Centrex applications for their reseller channels located in the United States, Brazil, Mexico, and the EMEA region.

Send2Press® Newswire

Currently in production, Atreus enables PCCW Global to seamlessly provision resellers and offer differentiated IP centrex and tdm trunk replacement offerings through automated provisioning and re-brandable self-service portals in multiple languages. Using Atreus, PCCW Global extends the switch management to its resellers; putting them in control of service ordering, feature changes and updates. PCCW Global will quickly deploy feature-rich Hosted PBX bundles, while dramatically reducing the time, cost and complexity of adding new offerings, modifying features, and scaling customer demand. The

result – PCCW Global empowers its global resellers with the operational and business agility to deliver differentiated Hosted PBX services rapidly, consistently and cost-effectively to their business and enterprise customers.

“We selected Atreus’ solution because they provided us with a flexible wholesale platform that allows our global resellers and carriers to quickly turn up and easily manage VoIP enabled services,” said Patrick Hannon, President, Americas Region, PCCW Global. “Through automation, Atreus’ Provisioning platform will help PCCW to streamline operations, eliminate heavy SG&A costs, and take away customers from our top competitors in this space who are requesting automation.”

“PCCW’s solutions deliver a high degree of service differentiation and value-add for their reseller customers,” said Andrea Baptiste, CEO, Atreus Systems. “Our solution has enabled PCCW to become operational with superior self-service VoIP offerings, while giving them a powerful solution to scale their VoIP business and manage a full range of revenue-generating services.”
