

# CyberTouch Announces 19-inch Wide-Screen LCD Touch Screen Monitor

NEWBURY PARK, Calif. – Oct. 24 (SEND2PRESS NEWSWIRE) – CyberTouch is pleased to announce the introduction of the Orion 19 – the latest addition to its line of touch LCD monitors. Available now, this 19" diagonal (16:9 aspect ratio) touch screen LCD monitor is ideal for banking, entertainment, hospitality, kiosk and point-of-purchase applications.

Send2Press Newswire

The wide-screen aspect ratio allows designers to display more information on one screen and reduce the number of screens while increasing interactive efficiency. Orion 19 is designed for desktop, wall-mount and VESA arm-mount applications.

Presently offering a wide range of open-frame and enclosed touch monitors, CyberTouch is the leading US designer and manufacturer of custom and standard touch screens and touch systems. Orion 19 is the latest addition to the CyberTouch family of 10.4", 15", 17", 20.1" and 32" touch monitor product line.
