

Fortune 500 Relies on Platinum for Luxury and Affordability in Planning Holiday Travel

NEW YORK, N.Y. – Dec. 21 (SEND2PRESS NEWSWIRE) – On Wall Street, some of the world's most-respected business people can throw their car keys over their shoulder when it comes to getting to their holiday party safely and in style; The Platinum Car Corporation, the luxury division of the Corporate Transportation Group, Ltd. (CTG) has been hired to make sure it happens.

All companies seek luxury and safety for their holiday-party guests; rely on Platinum to get the job done.

Platinum is routinely booked to discreetly chauffeur executives, celebrities and families to black-tie affairs at New York City's ritziest locations.

Fortune 500 firms typically select exquisite venues that are off the beat and track and require large fleets. Such events demand logistics, structure, and, most importantly, reliability, safety and comfort.

"In the premium, private car service sector," Eddie Slinin, founder and president, said, "Platinum owes its success to impeccable service, dedicated chauffeurs and immaculate vehicles provided at more affordable prices than competitors."

So, what else sets Platinum apart from the rest? Platinum features only the highest quality, best-appointed vehicles; they offer 2006 Lincoln Town Cars, 2007 Cadillacs and Escalade SUVs.

"Competition is grave for corporate business," Slinin said. "Platinum aggressively invests in advanced infrastructure, hires only the most professional drivers, and maintains an impressive fleet."

Platinum features a comprehensive range of chauffeured, ground transportation services for business and leisure travel, road shows, special events, private aviation and charters.

"Whether you need our service for a managing partners' party, or simply wish to spoil a loved one," Slinin said, "Platinum is sure to epitomize the travel experience."

The world's most demanding clientele picks Platinum for their personalized, peerless performance and consummate prestige.

CTG is a privately-held corporation that provides ground transportation

services and travel-related solutions encompassing 450 cities, worldwide, to business and leisure travelers.
