

Nation's First Automated Video Rental Store Opens in Reno

RENO, Nev. – Jan. 4 (SEND2PRESS NEWSWIRE) – MoviebankUSA announced the opening of their newest location in Northwest Reno. MoviebankUSA's automated DVD and video game vending units are redefining the video rental industry by making hundreds of blockbuster movies accessible to entertainment lovers 24 hours per day for just 99-cents.

Send2Press® Newswire

Local franchise owner Shane Green said "Gone are the days of wasted trips to traditional video stores to find that the new movie release you were looking for is out of stock or waiting days for a new release to arrive in the mail."

At Moviebank customers can reserve their selections online then pick them up at their convenience.

Moviebank currently operates 44 locations in 11 states and is one the fastest growing automated video store chains in the United States. Moviebank's proprietary DVD vending system has been featured in Newsweek, Inc. Magazine, U.S. News and World Report, and spotlighted on WNBC Chanel 4 and WPIX Channel 11 in New York City.

Moviebank's proprietary automatic video dispensing system was developed by

VideoSystem Italia which serves over 8,000 customers and millions of users throughout Europe. Headquartered in Schio Italy, VideoSytem employs over 300 employees and has partnered with Moviebank's parent company System Partners Inc. in The United States as its exclusive distributor in North America.
