All BabyFaces (www.BabyFaces.com) charms are cast in solid precious metals – yellow gold, white gold, or sterling silver – and are available in two sizes, the original and new “juniors,” which start at only \$69. Photos may be submitted as traditional prints or digital pictures.

“Our charms are solid, three-dimensional castings that are made using our patent-pending process,” Joel Ragan, BabyFaces.com founder, said. “I take a personal approach to my product and I am proud of every charm we create. My first BabyFaces was made for my own mother just a few short years ago as her Mother's Day present. Now, there are thousands of satisfied customers all over the world.”

Great as a last-minute gift, BabyFaces.com makes giving easy with online gift certificates available for purchase 24 hours a day. They also offer a convenient, gift-pooling program so multiple people can combine funds to purchase a Mother's Day gift that will last a lifetime.

BabyFaces.com is also hosting a “Most Beautiful Baby Photo Contest” now through May 12th. Enter a child's photo online at: www.BabyFaces.com/contest for a chance to win a BabyFaces charm pendant.

Take advantage of free, ground shipping this Mother's Day with promotional code “MOM,” or request a free preview to see what a photo will look like “charmed.” Every BabyFaces charm comes with a money-back satisfaction guarantee.
