

# deverus, Inc. Announces Partnership with Omni Data Retrieval

AUSTIN, Texas – July 30 (SEND2PRESS NEWSWIRE) – deverus, the leader in background screening technology, today announced a partnership with Omni Data Retrieval, a reliable source for nationwide criminal record researching. Omni's services will enhance deverus' already robust vendor network.

This streamlined integration will provide faster turnaround times and competitively priced county criminal research services for deverus clients. Since 1999 Omni Data Retrieval has provided reliable criminal record research to employment and tenant screening companies and is a trusted resource in the background screening industry.

"Omni Data Retrieval is a leader in selling wholesale background checks. They have a solid reputation for providing high quality service using the latest technology. We are excited to extend their value to our clients through seamless integrations," stated deverus CEO, Shawn Rucks.

## **About deverus**

Founded in 1998, deverus is the leading provider of software, integration technology, and strategic services for the background check industry. From system-to-system integration, customized and off the shelf enterprise level applications, to sophisticated tools that manage the information supply chain, deverus enables background check companies to dramatically lower operating expenses and increase revenues by connecting to customers, employees, and information sources online, anytime, from anywhere.
