

Implementation Solutions Celebrates its Newest Office

NEW YORK, N.Y. – Jan. 14 (SEND2PRESS NEWSWIRE) – Implementation Solutions LLC, a technology consulting firm that services global investment management customers, announced today that it has formulated a subsidiary organization in Australia named Implementation Solutions PTY LTD. Simultaneously it also announced the opening of its seventh office, this time on Kent Street in Sydney, Australia.

Send2Press Newswire

“This has been a long time coming; however, now our employees are positioned even more strategically to service the current and prospective Austral-Asian customer base of Implementation Solutions,” stated Nicole M. Goudey-Rigger, President.

“As head of the Sydney office, I am very excited to work even closer to our clients in Singapore and Australia. Adding to our existing locations in London, Boston, Chicago, Sarasota, Los Angeles and San Francisco in addition to our headquarters in New York was the right move. It allows us to better support all of our multi-national clients as our customer base continues to mature and grow,” added Steven L. Pinckney, a Vice President of Implementation Solutions.

Nicole Goudey-Rigger added, “Our vision has always been to have offices throughout the continental U.S., Canada, Europe and Austral-Asia. We see this as the next local step in our strategic vision. To date, our announcement has been met with great support by both our current and our prospective clients in the region. We look forward to the next year of growth both here and in other regions.”

About Implementation Solutions LLC

New York based Implementation Solutions brings system and business expertise to both buy- and sell-side firms as well as their vendor partners by providing project management, business analysis and development resources. Implementation Solutions’ subject matter experts provide years of industry experience as well as certification in numerous industry-standard systems relating to the pre-trade, trade and post-trade process.

The company’s services include, but are not limited to, project management, workflow and process improvement analysis, writing business and functional specifications for systems development, selecting and implementing vendor

packages as well as designing and executing user acceptance and quality assurance test scripts.

In addition, Implementation Solutions provides design and delivery of custom code to extend or adjunct vendor packages. Current clients include global asset management firms as well as private banking organizations and hedge funds.
