

Caribsoft Infosystems Has Been Assessed and Certified as Meeting the Requirements of the Prestigious ISO 9001:2000 Certification

CALCUTTA, India, March 13 (SEND2PRESS NEWSWIRE) – Caribsoft Infosystems Pvt Ltd (Caribsoft India), has been assessed and certified as meeting the requirements of the prestigious ISO 9001:2000 certification for design, development, testing and implementation of software projects.

Send2Press® Newswire

ISO 9001:2000, which gives the requirements for quality management systems, is firmly established as the globally implemented standard for providing assurance about the ability to satisfy quality requirements and to enhance customer satisfaction in supplier-customer relationships.

Caribsoft India had engaged the services of an independent quality system certification body, SGS, to obtain an ISO 9001:2000 certificate of conformity. SGS is the world's leading inspection, verification, testing and certification company.

In speaking to the need for ISO 9001:2000 certification, Sujit Sarkar, President and CEO, Caribsoft India, said, "Caribsoft is focused to removing risks of technology and people in developing IT projects. Our ISO certification will help companies to decide on their preferred IT service provider with the peace of mind. Our processes are geared to satisfy their requirements, with clear quality policy and measurable quality objectives. It will also help our internal human capital to increase their sense of ownership on the project since their individual contribution – be it as architect, developer, tester – with respect to achieving the quality, is defined across the whole IT project assembly line."

Gene Sweeney, SVP Sales, Global Outsourcing Services, Caribsoft India, said, "With this ISO certification, there is an objective verification of Caribsoft India's ability to deliver low cost, better, faster solutions to SME customers in USA."

About Caribsoft India

Caribsoft India has offshore development center in Calcutta, India and operates from two (2) additional locations in the U.S., Marietta, Georgia, and Orlando Florida, that are managed by an American sales and account executive team.
