Boston Design Center Dream Home 2008 – The Ultimate Design Installation is located on the 6th floor of the Design Center and is an unprecedented design event, showcasing the extraordinary talents of nine of the area's top design firms and the luxury resources available only at The Boston Design Center. Each room has been created to provide inspiration, aspiration and creative ideas to help patrons refine his or her own personal style. Products featured in the designer rooms will be promoted and available for purchase to thousands of online visitors through www.bostondesign.com/dreamhome.

Mr. Pomeroy's dining room features a modern mix of antiques and contemporary art complemented by custom lush de Gournay plum blossom gilded-on-wallpaper and a dramatic and graphic stenciled painted floor. "This is a truly elegant and hypnotic space, that invites you to linger and then lures you back, time and time again," states Mr. Pomeroy. "Some of the distinctive elements in this room are being introduced for the first time. We are thrilled with the result."

The team assisting Pomeroy Interior Design Group with this transformation include: The Classic Group, Inc., architects & builders (construction); Normand St. Marie (wallpaper installation); COD Decorative Painting (stencil-painted floor); Pal Painting (painting); and Miles River Sewing (custom drapes).
