

# Mitchell Construction Group Takes Gold Twice in 2008 Contractor of the Year Awards

*Awards sponsored by the Eastern Massachusetts National Association of the Remodeling Industry*

MEDFIELD, Mass., Nov. 13 (SEND2PRESS NEWSWIRE) – Mitchell Construction Group, Inc., a multi-award winning design and renovation firm located in Medfield, is pleased to announce they are the recipient of two 2008 Gold Contractor of the Year (CoTY) Awards from the Eastern Massachusetts National Association of the Remodeling Industry (EM NARI) in the categories of “Best Kitchen Remodeling” and “Best Exterior Renovation.”

The NARI is the only trade association dedicated solely to the remodeling industry. With more than 7,000 member companies nationwide, the Association is considered “The Voice of the Remodeling Industry.”

The eastern Massachusetts chapter, one of the largest in the country, hosts this competition annually to recognize the most exceptional remodeling projects and the companies that built them and is widely considered the premier competition of its kind throughout the remodeling industry.

An impartial panel of judges, who are considered experts within the industry and associated fields, selected winners based on each entrant’s “Before and After” photography and scope of the project. Judging was based on problem solving, functionality, aesthetics, craftsmanship, innovation, degree of difficulty and entry presentation. This year’s awards were considered the most competitive in the organization’s history with a record number of entrants.

Mitchell Construction Group’s winning projects included a complete remodel of a kitchen and dining area in a 40-year old home, opening up the kitchen and dining area to create a more spacious and functional space; and an exterior facelift and porch addition to a charming century-old, two-story home.
