

# Easy Partitioning Software is One-Stop Solution for Businesses

CHENGDU, China, Nov. 14 (SEND2PRESS NEWSWIRE) – EASEUS Software, the innovative and dedicated hard disk management solution provider, today announced that the company is addressing the needs of corporate hard disk management with the expanded functionalities offered in its EASEUS Partition Manager Unlimited Edition v2.1.

**Send2Press® Newswire**

The EASEUS Partition Manager Unlimited Edition v2.1 provides easy and reliable server partitioning and non-server hard disk management within one version and with unlimited use within a company.

Primarily created for IT administrators and PC users on hard disk management, the EASEUS Partition Manager Unlimited Edition is designed to resize and move partitions without data loss; to create, delete and format; and to hide and unhide server and non-server partitions.

A versatile tool, this product simplifies the server and non-server partition solution for hard disk upgrades and manages ever-growing storage needs by providing effective hard disk partition functionalities. Without data loss, it ensures the safety of critical data and allows for business continuity.

The EASEUS Partition Manager Unlimited Edition works in server and non-server Windows systems – 2000 Server/Advanced Server; 2003 Server and Windows 2000 Professional SP4; Windows XP; and Vista.

With RAID supported, EASEUS Partition Manager works with different file types and can handle 32 hard drives, of each, up to 1TB. But the most outstanding feature is its ability to move and resize partitions, live, without erasing them or losing data. Administrative rights are required for use.

An unlimited package is provided with EASEUS Partition Manager Unlimited and Partition Table Doctor Unlimited for disk management and partition back/recovery. Partition Table Doctor can recover deleted, damaged, lost or corrupted partitions on hard drives (internal and external) and backup/restore partition table; rebuild MBR; and fix boot.

With unlimited use, this partition software offers a one-stop solution for companies so they can maximize their hard disk performance. It's also cost effective at the Web special price of \$399.20; the unlimited package is \$638.40. For a free trial, visit: [www.partition-tool.com](http://www.partition-tool.com).
