The initial core growth will be focused on the greater Montreal area as well as several master franchise relationships in the United States. Each new establishment will include the fresh and modern Pizza Donini look that has been designed to meet present and future customer tastes, while maximizing efficiency and profits for both the franchise owner-operators and the Company.

"We have also performed a thorough review of our most popular and profitable menu items which makes me especially excited about the plan and the Company's future," said Mr. Deros. Further stating, "I am confident that with Donini's excellent line of pizza products, and its new look, Pizza Donini will be

favored by consumers in the marketplace over competitors, large and small.”
