

# Free Partition Software and Its New Name – EASEUS Partition Master 3.0.2 Home Edition

NEW YORK, N.Y., Feb. 25 (SEND2PRESS NEWSWIRE) – EASEUS Partition Manager 3.0 Home Edition is the most popular free partition software around the world. Now EASEUS Software has released its new version – 3.0.2 and renamed this free partition manager EASEUS Partition Master 3.0.2 Home Edition.

**Send2Press® Newswire**

EASEUS Partition Master 3.0.2 Home Edition, like its name “partition master” has a powerful range of functions such as resizing partitions, formatting partitions, copying partitions, creating new partitions, deleting partitions, hiding partitions, changing drive letters, setting active partitions and a handful of other functions. It’s the best choice for computer users who need a free partition manager to optimize the performance of a computer.

EASEUS Partition Master 3.0.2 Home Edition is totally free with hardware RAID supported. In addition, this free partition manager supports Windows 2000/XP/Vista (32 bit) Operating Systems and also different file types. It can handle 32 hard drives, up to 1.5TB. However, the most outstanding feature is its ability to resize and move partitions without any data loss. Moreover, the “Partition Copy” and “Disk Copy” utility of EASEUS Partition Master 3.0.2

Home Edition can protect your data loss from program error or some other accidental occurrence.

With a simple interface developed by EASEUS, this free partition manager is extremely easy to use. The majority of operations are intuitive and do not require an in-depth knowledge of IT tricks.
