

# House to Home Moving Managers Makes Moving Simple and Stress Free

PHOENIX, Ariz., March 24 (SEND2PRESS NEWSWIRE) – Moving is never a pleasant task, but for seniors and people who may be making radical changes in their lifestyle, the stress can be overwhelming. That’s why House to Home Services, LLC announces a one-stop-shopping service for people on the move.

According to the Employee Relocation Council, moving is the third most stressful event in life, following death and divorce. So, why not choose a company that will be by your side every step of the way? House to Home Services is the key to a successful move.

House to Home Services is not a moving company; they are moving managers who specialize in working with baby boomers who are downsizing and seniors who are transitioning from a home into an active lifestyle community, care residence, or nursing home.

“Change is difficult,” Janice Montana, president and CEO of House to Home Services, says. “Our goal is to make the transition as easy and stress-free as possible. Our caring professionals are involved in all aspects of the move and provide hands-on assistance at every turn.”

House to Home Services does it all. When clients move from one home to the next, everything is all set up when they arrive! Pictures are on the walls; dishes are put away; clothes are neatly hung in closets; computers are set up; and much more.

So, rather than clients spending their first few days unpacking and arranging furnishings, they can kick back and enjoy their new home.

“With nothing left to do, clients can have a glass of wine to celebrate a successful and stress-free move,” Montana poses.

The company also offers 3-D diagrams of the new space so clients can visualize how items will appear in their new home prior to the move.
