

Israel Car Rentals Launches New Website

Ramat Gan, Israel, May 20 (SEND2PRESS NEWSWIRE) – Israel Car Rental announces its new website that allows you to arrange for a rental car before even leaving on your trip. Whether you come to Israel for business or pleasure, we offer you the opportunity to hire the car of your choice to pick up at the location most convenient for you. We have worked out arrangements with some of the most reliable, well-known car rental agencies in the world, including Avis, to bring you great cars at amazing prices. With 27 locations throughout the country and a 24-hour service center, you will always be able to reach us. Israel Car Rentals always puts you first.

Although Ben-Gurion Airport is Israel's international hub, it will take you just minutes to pick up your rental car when you reserve it online through www.Israel-Cars-Rentals.com. The car will be waiting for you, allowing you to begin enjoying your time in Israel without any hassle. With our convenient location and helpful customer service agents, you will be on your way in no time.

If you are visiting Israel tourist attractions, having a car rental is the easiest way to travel. Some of Israel's most popular locations are difficult to access by train or bus, but you can make your own schedule if you hire a car. Tel Aviv is a beautiful, large city. To see it all-from HaYarkon Park to the Dizengoff Shopping District to the beautiful beaches-driving is your best bet.

To visit the Sea of Galilee, the Church of the Annunciation, or the Dead Sea, you will need a car. While buses are available, why rely on their schedules when you can have an Israel car rental whenever you need it?

We also have a Jerusalem car rental location, making the historic Holy City in the mountains much easier to navigate. See the Old City-the Western Wall; the Temple Mount; and the Al-Aqsa Mosque, climb to the top of Mount Scopus, or shop on Ben Yehuda Street, all from the air-conditioned comfort of your own rental car.

When your trip is over, we offer a 60-second car return for your convenience, so you can spend all of your time in Israel enjoying your trip. Israel-Cars-Rentals.com is here for you.
