

Popular File Management Tool on Download.com – Four and a Half Stars in CNET Editors Rating

NEW YORK, N.Y., July 29 (SEND2PRESS NEWSWIRE) – A plucky little piece of freeware that packs a subtle punch and partitions hard drives like a reigning champ, has been positively reviewed by the editor from Download.com. EASEUS Partition Master Home Edition topped No. 1 in the “More popular File Management Downloads” on Download.com and rated Four and a Half Stars in CNET editors rating and Four Stars for average users rating.

Apart from Download.com, EASEUS Partition Master is also widely accepted by its users, who post their testimonials on the site or just email us with their thanks: “Ok, I just got done testing this partition software and I can declare that it is officially awesome. I have never had such a good experience with partitioning software. Everything went as planned and nothing got destroyed and super easy to use. A+.”

Indeed, it is our greatest honor that our software is widely accepted and highly recommended by prestigious Download.com, IT sites and the users. And EASEUS Partition Master – which does exactly what it says on the tin as one of its users said – manages to extend the system partition effortlessly;

resize/move the partition for system optimization and copy partition or disk for data protection; even copy dynamic disk for Windows-based administration without data loss.

Featuring an easy-to-use and user-friendly interface, EASEUS Partition Master provides different solutions for server or non-server users under Microsoft Windows 2000/XP/Vista and Windows Server 2000/2003/2008.
