

# Maxx Merchants Announces New Partnership with PenSoft

TAMPA, Fla., Jan. 7 (SEND2PRESS NEWSWIRE) – Maxx Merchants announced today that it has partnered with PenSoft to provide PenSoft’s clients with merchant services. PenSoft is a leading manufacturer of payroll software designed to help small to mid-sized businesses and payroll service providers process payroll and related tax requirements faster, easier and more cost effectively. Through this partnership, PenSoft’s clients will be able to accept credit cards and utilize other merchant services through the PenSoft software at a discounted rate.

This unique opportunity will allow PenSoft the opportunity to add quantifiable value to their clients through the addition of merchants services to their software services.

“PenSoft is committed to providing our clients with the best value in payroll software backed by program support that is unsurpassed in our industry. When reviewing the merchant program at Maxx, we discovered we are of the same mindset. They, too, are committed to providing their clients with the highest quality product at the lowest rate, and their services standards are unmatched in their industry,” stated Leroy Newman, of PenSoft.

“We are pleased to extend our services to our clients to include credit card and wireless processing, ACH, eCheck and cash advance services, while maintaining the highest level of PCI compliance. In addition, we have the ability to offer our clients a package that will save them money on their processing costs,” continued Mr. Newman.

“We are excited about incorporating our processing into PenSoft’s software,” stated Sean Burke, a founding partner of Maxx Merchants. “PenSoft is the kind of organization with which it is easy to form a partnership. They have a great reputation for producing a high quality product, and one of their main objectives is ensuring customer satisfaction. At Maxx, our goal is to help business thrive and grow. Through this partnership we can help PenSoft assure that their clients are receiving quality processing at a great price.”

Maxx Merchants provides businesses with the latest equipment and technology in merchant processing services while maintaining the highest level of PCI compliance. Maxx Offices are individually owned, so we take the time to get to know our clients and provide them with a processing package that fits their needs as well as their budget.
