

Professional Auditing Services of America Recovers \$1,000,000's of dollars for Organizations with a New 2010 Stimulus Package Discount

AICPA Members also qualify for an additional special discount.

SOUTHFIELD, Mich., April 1 (SEND2PRESS NEWSWIRE) – Professional Auditing Services of America (PAS) announced today that, in light of the current economic condition, they will be offering not only a Nation Wide Special 2010 Recovery Stimulus Package Discount on all recovery audits but also another special discount to all AICPA affiliated members through the end of the year.

“Times are hard for business. Every dollar counts,” said company CEO, Roy D. Jackson. “PAS performs a variety of cost reduction/profit recovery services on a 100 percent contingency fee basis. No ‘front-end or back-end’ costs/fees. Which means more money goes back to the company’s bottom line.”

Many companies don’t have the resources or the time to undertake a project such as an audit. PAS can help recover lost monies that companies are entitled too. PAS identifies recoveries, as well as, shares with its clients how to avoid making such overpayments in the future.

The PAS Team Facilitators review 100 percent of the accounts payable invoice records going as far back as 3 years to look for exceptions that were never correctly refunded: overcharges, incorrect invoice pricing, duplicate payments, missed cash discounts, excess freight charges, sales/ other accrued regulatory taxes paid in error, credits for returned goods never received, telecommunication and utility overcharges and vendor database maintenance.

For numerous clients the total amount recovered has been over \$1,000,000 per/engagement. Companies are encouraged to browse Professional Auditing Services of America’s Web site and see if this 100 percent contingency fee based, no front or back end cost recovery audit is right for them. “But do it soon because these discounts won’t last forever,” says Jackson.
