

Momentum Wins BBB Award for Third Consecutive Year

HOUSTON, Texas, May 10 (SEND2PRESS NEWSWIRE) – Momentum Transport – Momentum Freight, the nation's premier [auto and freight transport](#) provider, has once again garnered the Better Business Bureau's coveted Winner of Distinction award. This marks the third straight year (2008, 2009, and 2010) that Momentum has received this honor. The Winner of Distinction award recognizes companies who demonstrate a consistent commitment to ethics, overall excellence, and quality in the workplace.

Momentum's CEO Greg Giles attended this year's award ceremony. "I'm accepting this on behalf of our entire staff," said Giles after receiving the award. "For us to have won for a third year straight is amazing. It really is a reflection of the amazing team at Momentum and shows their continued commitment to being the best. I don't know of any other transportation company to have won this award once, much less three times, so it truly is a testament to the level and quality of service we provide."

This year's award marks a first in the transportation industry as Momentum is the first auto transport and freight shipping logistics company to earn the award for three consecutive years, as well as being one of the select few to have earned an A+ rating with the BBB.

The BBB Awards for Excellence was created to recognize businesses and non-profits that excel in quality achievement, management and customer service while exhibiting integrity in the marketplace and exemplary dedication to fostering trust between businesses and consumers.

About Momentum Transport

Since 1996, Momentum Transport – Momentum Freight has been the nation's premier provider of auto and freight shipping services. Momentum's goal to provide value-priced, hassle-free transport services has helped to vault the company to one of the largest and most well respected transport providers in the country. From multi-national corporations and dealerships to the everyday consumer, Momentum Transport and Momentum Freight assist in the movement of thousands of vehicles and loads of freight on a yearly basis – while never comprising its commitment to unmatched quality and seamless customer service.
