

# Restore Files for Free – EASEUS Data Recovery Wizard Free Edition

NEW YORK, N.Y., July 6 (SEND2PRESS NEWSWIRE) – Data loss is an embarrassing and bad experience lots of people have, even when you have the habit to back-up the files regularly. The habit to hit Shift-Del and immediately press Enter afterwards – or accidentally format the whole partition – would bring you a disaster. It is good to know data is likely not entirely lost and using the right tool to [restore files](#) must be the first thing you do; so how to recover files?

No matter whether you are professional or not, the highly recommended solution is to turn to [data recovery software](#). Be thankful that EASEUS Software released EASEUS Data Recovery Wizard Free Edition – it is just such a powerful and comprehensive files restore freeware. This free solution allows you to freely recover files from almost all kinds of data loss issues like formatting, partition loss, and virus infection; or, the dreaded accidental deletion.

Having almost all of the features that traditionally only commercial file recovery software has had, EASEUS Data Recovery Wizard Free Edition is totally free and the first now-widespread restore files freeware to save your data. It will walk you through with a handy wizard-mode interface to put you on the path to restoration of your deleted files, restore formatted files, recover deleted or lost partitions and do raw recovery from any hard drive, external USB drive or other storage media.

Just as one committed user said: “Google for software to try and [recover files](#), but all of them are ‘Free Downloads’, but then in order to recover data, you have to buy it. While EASEUS offers their EASEUS data recovery software free edition (really free) to recover lost files. This is really saved the day for me.”

“Users no longer worry about their data loss problems,” says Mr. Liu, CEO of EASEUS. “EASEUS is now the first choice to restore files easily and without charge.”
