

# Net Rate Hotel Program for Travel Agents

NEW YORK, N.Y., July 13 (SEND2PRESS NEWSWIRE) – Hariworld Travel has launched a new, robust, Web-based hotel search and booking engine allowing travel professionals to book hotels at net rates at more than 50,000 hotel and resort properties worldwide.

This latest program offers 2, 3, 4, and 5 star grand luxury properties in more than 120 countries, at substantial savings. Agents can log on to [www.hariworld.com](http://www.hariworld.com) and click on Hotels to search and book hotels, for their clients.

Travel professionals can access wholesale rates with real time availability. Clients prepay the entire booking, allowing agents to add their markup at time of booking.

“Agents no longer have to wait for clients to return from their trip to receive their commission,” says Kamini Cohly, President of Hariworld. The new hotel program is based on innovative technology which produces search results in seconds with complete hotel descriptions, amenities, services and location. Agents can build clients’ trips 24/7 through the Hariworld Web site.

“From our modest beginning in 1968, Hariworld has become one of the countries most influential and respected airline consolidators. Our Senior Management team has over 125 years of experience covering all aspects of travel.”

Hariworld has forged relationships with airlines, hotels, cruises, tours and other service providers allowing us to offer exceptional value and pricing to our travel agent partners.

“Hariworld has made a huge commitment to providing the travel community with the most advanced technology by developing tools to create a ‘one stop shop’ for all of their needs,” says Kamini.
