

Recover Partition with EASEUS Partition Master 6.1.1 – a Professional Partition Manager Solution

NEW YORK, N.Y., Aug. 3 (SEND2PRESS NEWSWIRE) – EASEUS Software can help anyone to [recover partitions](#) with the latest version of their EASEUS Partition Master 6.1.1 which now includes the Recover Partition function to ensure data security.

“Recovering a partition is just a subsidiary function in case there is any partition loss; the faster we do recover, the more chance we can recover partition successfully. It may not be used much, but will be a handy tool if partition loss does happen,” states EASEUS’ technical support officer.

The Recover Partition function of EASEUS Partition Master 6.1.1 provides 2 operation modes: automatic and manual; both of which provide easy-to-use “wizard” guidance and can undelete partitions and recover partitions that are lost by accidents very quickly. Also, it allows users to preview the root directory and the disk partition layout to make sure the partition is the one you would like to recover.

Recover Partition is a powerful function for data security, while as a [partition manager solution](#), EASEUS Partition Master enables you to configure and manage partitions on your hard drive easily and safely. You can copy/create/delete/format partitions, resize/move partitions, enlarge partitions to better manage your data. In addition, you can convert partitions, view disk and partition properties, set an active partition and much more.

Currently there are five versions of EASEUS Partition Master: Home version free for 32 bit home users; Professional version for home and business users with 64 bit machines; Server version for Windows Server users; Unlimited version for unlimited usage within one company or organization; Technician version for IT consultants to help their clients.

You are very welcome to try a free download of our home edition – or the demo – and have a trial period to verify how EASEUS’ partition manager software helps to recover partitions: www.partition-tool.com/download.htm.

Pricing and Availability:

Web Special \$159 (original \$199) for Windows Server users is available from EASEUS’ Website at www.partition-tool.com/easeus-partition-manager-server/.

EASEUS Partition Master Professional Edition is available for \$39.95 from EASEUS’ Website at www.partition-tool.com/professional.htm.
