

IDS Customer Inlanta Mortgage Named Finalist for 2010 Mortgage Technology Award

SALT LAKE CITY, Utah, Aug. 23 (SEND2PRESS NEWSWIRE) – International Document Services, Inc. (IDS), a [mortgage document preparation](#) vendor, congratulates Inlanta Mortgage for being named a finalist in the Customer-Focused Lender category for the 2010 Mortgage Technology Awards.

The Customer-Focused Lender Award is given to a lender that uses technology to provide a better, more transparent process for borrowers. Recognizing the impact disclosures and closing documents have on a customer's perception of the lending process, IDS nominated Inlanta for this award to recognize Inlanta's commitment to document compliance and perfection to create a better customer experience.

"Because Inlanta's customers include investors as well as borrowers, it is critically important that they bring flawless document sets to closing," said IDS President Curt Doman. "As Inlanta's doc prep provider of choice and a long time admirer of Inlanta, IDS wanted to be among the first to congratulate them on being a finalist in the Customer-Focused Lender category."

"Inlanta has staked its reputation on providing borrowers with technology that provides a more transparent process and overall enhanced borrowing experience, and to achieve this end, we must work with business partners who provide the same level of service to us that we provide to our branches and customers," said Inlanta Chief Operating Officer Jean Badciong. "IDS exceeds our expectations with their level of support and service every time. The program is so easy to use, and the compliance that is built right into the system is a great comfort to us during this demanding regulatory environment."

Winner of the 2010 Mortgage Technology Awards will be announced in October during the Mortgage Bankers Association's 97th Annual Convention and Expo in Atlanta and featured in the October issue of Mortgage Technology Magazine.
