

# All of Us Know What It's Like to Get Screwed in Business by Not Being Prepared or Aware

SEATTLE, Wash., Aug. 31 (SEND2PRESS NEWSWIRE) – “The Artist’s Guide to Success in the Music Business” (ISBN: 978-1-935359-33-3) is available at [artistsguide.net](http://artistsguide.net) or [amazon.com](http://amazon.com) from author Loren Weisman. The book is a detailed analysis of the subjects that all musicians should understand and apply in order to pursue a successful and sustainable career in music. Full of ideas and practical advice, this book provides comprehensive details on how to optimize success and achieve sustainability and self-empowerment in today’s music business.

From production and performance to marketing and career-building, this book instructs artists on how to take the hard-earned lessons of a fellow musician and put them to work in their own careers.

This book has already received favorable reviews from several industry veterans such as Scotty Moore, Jon “Bermuda” Schwartz, JC Conga and many more.

“It is going to be a harder road than you thought, and short-cutting, half-assing, and second-guessing will only hurt your career in the end. Step out, step up, and step forward. If you can’t take those three steps, you don’t belong in today’s music business,” says Weisman.

Loren Weisman is an accomplished music producer and consultant based in Seattle, WA. Having worked on hundreds of albums, studio productions, and tours as both a drummer and producer, he gained a spectrum of insight on the music industry as a whole. Loren is also the founder of Brain Grenade Entertainment LLC.
