

# Four Days GIVEAWAY: Download New Updated Aomei Partition Manager – Partition Assistant Professional Edition 3.0 for Free

NEW YORK CITY, N.Y., Jan. 24 (SEND2PRESS NEWSWIRE) – Aomei Technology, an up-and-coming provider of reliable and professional partition management solutions for the Windows-based environment, today announced the release of Aomei Partition Assistant 3.0, a new version of its powerful partition manager.

At the same time, Aomei is now giving away its Partition Assistant Professional Edition for four days from 01/25/2011 to 01/28/2011, which was originally priced at \$29.00; however, users can download it for free now. What's more, the updated version introduces a new interface and more advanced features for partition and disk copy.

New features and improvements in Aomei Partition Assistant 3.0:

- New interface and three built-in wizards make it more user-friendly.
- **Partition Copy**: copy/migrate partition to the unallocated space on the hard disk to protect data.
- **Disk Copy**: copy/clone hard drive to backup data without Operating System and applications reinstallation again.
- Copy with Resize: Resize (shrink or enlarge) partitions during copy process in order to fit target space.

Aomei Partition Assistant Professional Edition supports partition of hard drive and performs more complicated disk management operations, and you can use it to resize/move partitions, extend system partition, copy partition and disk, repartition hard drive, wipe partition and hard drive, merge/split partitions, etc. – and it can work well on Windows 2000, XP, Vista and Windows 7 (both 32bit and 64bit).

Want to find out the best way to solve system partition “low disk space” warning, to create a new partition for a dual boot system, to transfer/migrate OS to boot from new hard drive, to copy/clone an old disk to a new one, hurry and get Aomei Partition Assistant Professional 3.0 for free.

This gift is time-limited, so why not get this partition manager for free right now? Click here:
