

# Prevail Reinsurance System Selected by Triple-S Propiedad

NEW CANAAN, Conn., March 2 (SEND2PRESS NEWSWIRE) – Prevail Consulting, Inc., a leading insurance industry consulting and technology services provider, today announced a contract with Triple-S Propiedad, Inc. to license the [Prevail Reinsurance System](#) to support all of Triple-S's reinsurance operations. Triple-S Propiedad has utilized a variety of Prevail's technology consulting services over the past 10 years. Under this new contract, Prevail will install the Prevail Reinsurance System and deliver implementation, application and data migration services.

"The installation of the Prevail Reinsurance System assures Triple-S a state-of-the-art solution and the efficient streamlining of our reinsurance operations," said Rinaldo Perez Zayas, Vice President, Information Technology, Triple-S Propiedad, Inc. "This strategic implementation allows our Information Technology Organization to focus its resources on the unique needs of our valued customers going forward."

"At Triple-S Propiedad, we are dedicated to the benefit of our policyholders. And, it is essential that we possess the tools that allow us to serve most efficiently," said Eva Salgado, President and CEO of Triple-S Propiedad, Inc. "We selected the Prevail Reinsurance System after reviewing of a number of reinsurance solution alternatives and based on Prevail's proven track record of delivering technology solutions and services to Triple-S."

The Prevail Reinsurance System fully automates the management of reinsurance data for insurance and reinsurance companies. It accepts premium and loss data from external systems, calculates ceded data, creates payables and receivables and statutory reports, and then returns this data to the original systems. Built on state-of-the-art web technology, it can be accessed from anywhere in the world. It is a robust rules-based, table-driven product which provides immediate savings by significantly increasing efficiency, improving information access and reducing total cost of ownership.
