

# Jacqueline M. Tiso to Present at South Carolina Community Action Partnership, Head Start Conference

PATTERSON, N.Y., April 5 (SEND2PRESS NEWSWIRE) – Jacqueline M. Tiso, CEO and founder of JMT Consulting Group ([www.jmtconsulting.com](http://www.jmtconsulting.com)), has been invited to speak at the 2011 Annual Spring Training Conference for the South Carolina Community Action Partnership and South Carolina Head Start Association.

State-wide representatives of Community Action Partnership and Head Start organizations, including employees, professionals, and community partners will attend the 2011 Annual Spring Training Conference at the Myrtle Beach Marriott Resort and Spa in Myrtle Beach, South Carolina April 18 – 21. The conference is a chance for the attendees to hear the latest information in their field of service, improve their professional skills, and network with others in their field.

Ms. Tiso says of her session at the April training conference, “My presentation is designed to help finance directors learn how to leverage technology for better and more efficient reporting, which helps prevent reporting delinquency and potential loss of funding. I’ll show how automating reporting can free up finance directors to focus on the more strategic aspects of operations critical to meeting the organization’s mission.”

The presentation is titled “A CFO’s Guide to Reporting Technology.”

“These are uncertain times for Head Start organizations and Community Action Partnerships with Federal dollars being considered as part of overarching budget cuts,” Tiso says. “Better reporting will make organizations more likely to receive funding, and upon receiving funding (usually tagged with more complex and frequent financial reporting requisites) the same technology can be used to address more stringent reporting requirements.”

Jacqueline M. Tiso is a featured speaker on topics of best practices and effective use of technology for nonprofit organizations, presenting at nonprofit, accounting and technology conferences throughout the United States.
