

New Update! EASEUS Data Recovery Software 5.5.1 – Make Data Recovery Easily and Quickly Accomplished

NEW YORK CITY, N.Y., April 12 (SEND2PRESS NEWSWIRE) – EASEUS Software, the innovative and dedicated data recovery software provider, today releases its new version of data recovery software – EASEUS Data Recovery Wizard 5.5.1. This new version adds a few features like specifying file types before file recovery and saving searching results for continuous recovery to make data recovery more easily and quickly.

Built upon the popular data recovery software version 5.0.1, the newly updated version 5.5.1 is a one-stop and easy-to-use data recovery solution including the following new features:

1. Specify file types before file recovery and quickly locate the files you want to recover;
2. Export/import searching results and save them for continuous recovery if you use the demo version first or pause the process of data recovery;
3. Faster scan lost files by skipping bad sectors automatically and save the trouble of slow process of data recovery or software crash brought by bad sectors;
4. Full support for recently released Windows 7 SP1 and Server 2008 R2 SP1.

All those new features will simplify the work of data recovery and save a lot of time and efforts in case any data disaster strikes.

Data Recovery Wizard provides three data recovery modules with a wizard-driven interface: Deleted File Recovery, Complete Recovery and Partition Recovery for different data loss situations. It enables users to recover deleted files emptied from the Recycle Bin, **formatted files** and lost partition due to virus infection, partition damage/loss, software crash, virus infection, unexpected shutdown or any other unknown reasons.

Works well under Windows 2000/XP/2003/Vista/2008/Windows 7 and it supports recovering lost files from dynamic disk, RAID, USB external hard drive, memory card/stick, SD card and other storage media.

Pricing and Availability:

Data Recovery Wizard runs under Microsoft Windows® 2000, XP, 2003, Vista, 2008, and Windows 7, and starts at \$69.95 for a single-user license. Licensed customers get lifetime technical support and free updates. More information on the product, as well as its free trial copy is available from <http://www.easeus.com> .
