

Premier Real Estate in Austin, Texas

AUSTIN, Texas, April 26 (SEND2PRESS NEWSWIRE) – Buffington Homes is the market leader for energy efficient new homes for sale in Austin TX. As of April 1, 2011, all new homes for sale in Austin built by Buffington Homes are Energy Star rated and certified by a third party inspector. With Energy Star certified homes in 16 communities, today's home buyer does not need to look far to find Austin Texas homes for sale that are capable of providing an energy efficient and environmentally friendly lifestyle, while saving thousands in utility bills.

Buffington Homes provides Energy Star certified homes for sale in Austin to meet the needs of all buyers from first-time new home buyers to move-up family buyers or even move-down empty nesters. These energy efficient homes are at least 15 percent better than required by the already stringent energy and building codes for new homes for sale in Austin TX. The Energy Star certified new homes built by Buffington Homes provide a comfortable living space at a lower monthly utility cost to the owner.

Efficient air conditioning units with specifically sized, sealed, and insulated ducts help to increase the heating and cooling efficiency within your new Buffington home, providing superior humidity control and overall comfort. To ensure that the interior climate stays ideal throughout the years, each of Buffington's Energy Star certified homes undergoes a rigorous, 16 point independent inspection to guarantee that each and every home meets Energy Star's high standards.

The Austin Texas homes for sale built by Buffington Homes include radiant barrier roof decking to deflect heat from warming the home's interior on even the hottest days. 366 Low E glass windows with vinyl frames prevent hot and cold air from entering the home, while also protecting the home's furnishing by filtering out UV rays that can harm the colors and durability of furniture, carpets, and drapes.

By purchasing one of the Energy Star certified homes for sale in Austin TX built by Buffington Homes, you will enjoy energy and utility savings throughout the years. In the future, you will know you're your Energy Star certified Buffington Homes has had a lower impact on the environment and contributed to a healthier planet for future generations.

Buffington Homes is a local Austin home builder currently building in 16 communities in the Austin and Central Texas Area. To learn more about Energy Star certified Buffington Homes for sale in Austin TX, please visit <http://www.mybuffington.com> or call Shawn Goodwin at (512) 913-0220.
