

# Maine's Todd Grove Honored as Nation's Top Long-Term Care Insurance Specialist

PORTLAND, Maine, May 10, 2011 (SEND2PRESS NEWSWIRE) – At a recent conference Todd Grove of Portland, Maine, was singled out as the nation's "top producer" in 2010 by LTC Financial Partners LLC (LTCFP). Grove won the same honor in several previous years, distinguishing himself among colleagues nationwide.

In addition, Grove has been ranked nationally as one of the top ten long-term care insurance specialists, for the last 18 years in a row, by the American Association for Long-Term Care Insurance.

Grove partners with employee benefit brokers to educate Maine's workforce on the risks associated with long-term care and ways to protect against them. He was recently promoted to National Director of Worksite Solutions for LTCFP.

The LTCFP award is especially noteworthy since the company's 500-plus agents are regarded as the nation's leading specialists in long-term care planning. "My colleagues and I specialize exclusively in long term care insurance," he says. "We're veterans with years of experience."

What does it mean to be the top producer? "One way to look at it," says Grove, "is that I placed the greatest number of policies. Another way to look at it, which I prefer, is that I have helped thousands of families protect their independence and life savings from the devastating effects of long term care costs."
