

MiniTool Solution Ltd. Announces Partition Wizard 6.0

VANCOUVER, B.C., Canada, May 10, 2011 (SEND2PRESS NEWSWIRE) – MiniTool Solution Ltd. announces the immediate availability of Partition Wizard 6.0 release to customers. The version 6.0 release includes important core function optimizations, including ext4 file system support, various bug fixes and a new user interface.

Version 6.0 upgrade is an important release for Partition Wizard. The core function has been rewritten and optimized for 30 to 40 percent performance improvement.

“With over two million users worldwide, we are improving our [Partition Magic](#) alternative software to become one of the most popular disk management software solutions in the world,” said Wei Ming, of MiniTool Solution Ltd.

Partition Wizard 6.0 new features include:

- * Support Ext4 file system;
- * Support 2TB FAT32 partition;
- * Optimize partition move/resize performance;
- * Optimize partition move/resize memory usage;
- * Optimize partition move/resize data security;
- * Optimize partition merge memory usage;
- * Brand new smart and intuitive user interface;
- * Various bug fixing.

MiniTool Partition Wizard 6.0 provides powerful yet easy to use software that allows home users and IT administrators to easily configure disk partitions and manage disk partitions. Partition Wizard provides a reliable, fast and secure way to manage a PC or Server disk partition.

With its help, a user can move partition, resize partition, extend partition, shrink partition, and convert dynamic disk to basic without data loss. It supports all hard disks including IDE, SATA, SCSI, USB external disks, FireWire disks and all level RAID configurations. Extra features include disk clone, drive copy and partition recovery. For a complete feature list, please visit <http://www.partitionwizard.com/features.html> .

Upgrade Information:

MiniTool Partition Wizard Version 6.0 Home Edition still remains free for home users. Other existing customers can contact support@minitool.ca for upgrade assistance.

Licensing Information:

- * Partition Wizard Free Home Edition: Absolutely free for regular home users.
- * Partition Wizard Professional Edition: Supports merge partition, convert dynamic to basic.
- * Partition Wizard Server Edition: Support Windows Server family including SBS.

- * Partition Wizard Enterprise Edition: Commercial enterprise solution.
- * Partition Wizard Technician Edition: Designed for IT consulting firms and individuals.
