

Over 5 Million Downloads on CNET – EASEUS Partition Master Home Becomes the Most Popular Partition Software

NEW YORK CITY, N.Y., June 15, 2011 (SEND2PRESS NEWSWIRE) – EASEUS Partition Master Home, a free all-in-one partition solution and disk management utility, has reached over 5 million downloads on CNET and becomes the most popular partition manager software all over the world; based on its main functions like resizing/moving partition without data loss, managing disk space quickly and easily, settling low disk space problem on MBR and GPT disk, etcetera.

Up to now, EASEUS Partition Master Home has been downloaded 5,380,055 times. After its release, owing to its advanced partitioning features and ease-of-use, users and CNET's editors are speaking highly of this [free partition software](#). The average rating of it given by the users and editors is above four stars (five stars in total). A user said: "Fast start up, clean interface, easy to understand online help. Loads of options even a newbie can navigate."

With basic partition features that other free partition software may offer, EASEUS Partition Master Home also provides the following advanced features completely free for home users:

- * FREE partition manager for Windows 32 bit and 64 bit HOME USERS. No Adware and Toolbar.
- * Support removable devices like flash drives and memory cards.
- * [Extend system partition](#) without reboot to maximize computer performance.
- * [Partition manager](#) utility for better hard disk management and computer performance maximization.
- * [Copy Wizard](#) to copy partition or upgrade the hard disk to a larger one without Windows system re-installation.

"A plucky little piece of freeware that packs a subtle punch, Easeus Partition Manager partitions hard drives like a reigning champ. Loaded with features, EPM runs smoothly," a CNET editor recommended.
