

# CF0 Rapid Fire to be Featured in Solution Showcase at Intacct Advantage 2011 Conference

NOVI, Mich., Oct. 18, 2011 (SEND2PRESS NEWSWIRE) – CF0 Rapid Fire, LLC ([www.cforapidfire.com](http://www.cforapidfire.com)) announced today that it will be a sponsor of the Solution Showcase at the Intacct Advantage 2011 customer and partner conference, October 26 – 28, 2011, in Las Vegas. As a Solution Showcase sponsor, CF0 Rapid Fire, LLC will be demonstrating its new business technology system, CF0 Rapid Fire™, a cloud-based business intelligence system for C-level executives.

CF0 Rapid Fire™ serves as an interpreter of financial and operational data, providing business intelligence in an interactive and graphical manner that allows executives to identify and act on business trends quickly. CF0 Rapid Fire™ provides fast and insightful analysis of financial and operational data, enabling executives to track and compare anything in their business and identify “red flags” when expected results go off target sooner rather than later.

Capturing business data in near real time from multiple sources and translating it into useful information presented through interactive visualizations, the system allows executives to quickly measure, monitor, and analyze business trends.

“We are looking forward to sharing the powerful benefits of CF0 Rapid Fire™ with Intacct financial accounting partners and customers,” said Meg Potts, a partner with CF0 Rapid Fire, LLC. “We will demonstrate how Rapid Fire is a great complement to Intacct and, more importantly, how it can help them drive value to the bottom line.”

“In instances where the margin for error is razor thin, the ability to easily see critical business data and react quickly, is often the difference between business success and failure,” said Gregory Thomas, CPA, a partner with CF0 Rapid Fire, LLC. “Now, more businesses will have the ability to stay on target, maintain or increase profitability, and better serve their customers.”
