Harlequins Enigma announces a break in the octagon series after their octagon volume 3 release. Their reason is simply financial, but they will be back with the continuance of the 5 last octagon volumes, plus also 3 volumes called TD Sound 1,2 and3, Involving Tangerine Dream and ex Tangerine Dream members. There will also be a release of Catmint, a mixed genre double album, all spoken of as great compilations. Mastered versions of earlier albums are also planned.

Harlequins Enigma stands today as passive resistance in the #egypt situation. They've had similar problems of their own with the internet and the band's rights. Harlequins Enigma's home lies in Bergen, Norway. Their situation has been mentioned as a #mini-egypt situation. Harlequins Enigma's web site holds more information on the troubles that have followed the band since the beginning.
