

# New Release! EaseUS Unveils MacCleaning 1.0 to Keep Your Mac Clean and Faster for Free

NEW YORK CITY, N.Y., Dec. 6, 2011 (SEND2PRESS NEWSWIRE) – EaseUS Software, a leading provider of storage management, focusing on providing quality, innovative Mac® compatible software for better Mac system performance, today announces the availability of MacCleaning, a free and all-in-one menu bar utility to fast clean your Mac junk files, show disk space available, warn when the disk space is running low, and eject drives, etc.

Wish you had a clean and healthy Mac? MacCleaning is a totally free and easy-to-use system cleaning and disk space monitoring menu bar tool to make your Mac faster and run smoothly. Just by one-click, it will start to remove the junk files like System Caches, System Logs, User Logs, User Downloads, Trash, Safari Internet Cache, etc. The free space of system drive will be pinned to the menu bar, which allows you to react in advance before the drive is full.

Two versions of MacCleaning are launched: MacCleaning and MacCleaning Pro. MacCleaning Pro has all the features of the free version and enables you to customize the space value to display a warning and eject all the mounted devices by a click.

## **Main Features of MacCleaning:**

- \* Fast clean up your Mac junk files, keeping your Mac clean and fast.
- \* Show the available space on all the drives.
- \* Display a warning when your disk space is running low.
- \* Customize the space value to display a warning (only available in MacCleaning Pro).
- \* Eject the mounted drive safely, like external storage disks, CD and DVD disks, network storage, disk images.
- \* Eject All to safely remove all the mounted devices by a click (only available in MacCleaning Pro).
- \* Mount and Eject completion indicator.
- \* Open the drives in Finder by a click.
- \* Select places to clean up junk files.
