

Energy Optimizers, USA Responds to Energy Sector Growth

TIPP CITY, Ohio, Dec. 9, 2011 (SEND2PRESS NEWSWIRE) – In response to the continued growth in Ohio's demand for energy savings solutions, Energy Optimizers, USA has brought on new talent with the hiring of Mr. Bob Hausmann and the promotion of Mrs. Belinda Kenley to Vice President of Business Development.

Bob Hausmann, Operations Manager:

Hausmann, with more than thirty years' experience in design, development and construction, will manage the company's energy conservation projects and lighting retrofits, primarily in K-12 schools and local government agencies throughout Ohio. He formerly owned Hausmann Homes, designing and building custom homes and renovating existing homes with a focus on sustainable green living, and was Partner/President of the Special Projects Group at Miller Valentine from 1983-2006.

"I feel that Energy Optimizers, USA provides me with a great opportunity to introduce energy cost savings measures at an important time for Ohio commercial, industrial and institutional facilities," shared Hausmann. "With over \$7 million dollars in energy savings projects underway, our clients are able to use these cost savings to more effectively manage their money."

Bob is a registered architect and LEED AP, BD+C, with a B.S. from the University of Detroit. He is affiliated with the U.S. Green Building Council and the American Institute of Architects, and serves in leadership volunteer roles with Habitat for Humanity and Dayton Red Cross.

Belinda Kenley, Vice President of Business Development:

Belinda Kenley formerly served in the capacity of Vice President of Operations and has now been promoted to Vice President of Business Development. Kenley previously worked for the Ohio Attorney General and Auditor of State Betty D. Montgomery and is a member of Centerville City Council. She is in the current class of Leadership Dayton and is active in numerous professional organizations, including Dayton Area Chamber of Commerce, Association of Energy Engineers, the I-70/75 Development Association, and National League of Cities.

Greg Smith, President of Energy Optimizers, USA says this of Kenley, "Belinda's role as VP of Business Development is critical for us. Schools and local government agencies across Ohio need to be better informed of their options in cost cutting measures that are available to them today." Mr. Smith refers to the budgetary relief provided by Ohio House Bill 264, 300 and 420 that provide K-12 schools and government agencies with options on how energy savings measures are paid for over time.

New Location:

The company has recently purchased a building along with an adjacent lot at

7950 South County Road 25A in Tipp City to house its expanding team, bringing the total property to about four acres, including two warehouses.

About Energy Optimizers, USA:

Energy Optimizers, USA works with Ohio school districts and government agencies to implement energy savings opportunities to reduce operational costs, including lighting retrofits, renewable energy projects (wind and solar), HVAC retrofit projects, building automation retrofits and energy education programs.
