

e2b teknologies Returns to Weatherhead 100 for Fifth Straight Year

CHARDON, Ohio, Dec. 15, 2011 (SEND2PRESS NEWSWIRE) – e2b teknologies (www.e2btek.com) was named to the Weatherhead 100 list of the fastest growing companies in Northeast Ohio for the fifth straight year. e2b ranked #30 on the 2011 list with a sales growth rate of nearly 160 percent.

“It’s been a tough five years for many companies in Northeast Ohio,” said e2b teknologies President Lynne Henslee. “We weathered the storm and are extremely fortunate for our success – especially when so many companies struggled. Five years is a long time to maintain growth. We couldn’t have done this without the dedicated team we have in place and our ability to adapt to the changing needs of our loyal customers. We have adopted new cloud-based business software, expanded our ERP and business software product portfolio, and new and innovative ways to deliver our consulting and development services.”

e2b teknologies received numerous awards in 2011 including the Inc. 500/5000, Accounting Today’s VAR 100 and Technology Pacesetters awards, and two global partner awards – Gold Development Partner of the Year from Sage Software and Customer Satisfaction Award from Epicor.

The Weatherhead 100 represents the fastest growing companies from 2006 through 2010. Companies had at least \$100,000 in net sales in 2006 and over \$1 million in 2010. Additionally, companies had a minimum of 16 full time employees in 2010. Companies were represented from 16 counties in Northeast Ohio. Since 2004, the Weatherhead 100 is compiled and managed by the Council of Smaller Enterprises (COSE).

About e2b teknologies:

e2b teknologies sells, supports, and implements Epicor 9, SAP Business ByDesign, SingleSource SM-Enterprise, and Sage ERP MAS 500 enterprise resource planning (ERP) accounting software for distribution, manufacturing and service companies.
